URGENT OPEN CORRESPONDENCE: REQUIRED BIOTECHNOLOGY QUESTIONS FOR “THE COMER COMMITTEE” TO ASK BILL GATES REGARDING HIS COMMON INTERESTS WITH JEFFREY EPSTEIN & BORIS NIKOLIC AT HARVARD, MIT and the CIA.

Dear Chairman Comer (and other Honorable Members of the House Oversight Committee):

As you prepare for your June 10, 2026, interrogation of vaccine-industry and computer champion, Bill Gates, please make sure you ask the following key required questions, pursuant to National Security and Mr. Gates’s generally neglected interests and investments with Jeffrey Epstein, Boris Nikolic (Harvard Bioelectronics expert and Gates’s partner and advisor), and other Harvard and MIT aficionados, including leading bioelectronics scientist Charles Lieber (Foresight Institute member convicted of Chinese espionage at the beginning of the COVID-19 pandemic); Robert Langer (Lieber’s bioelectronics co-author at MIT and the MODERNA vaccine company’s leading director and financier); Martin Nowak (Harvard’s “Evolutionary Mathematics” grantee, financed by Epstein et. al.); Stephen Kosslyn (Psychologist, neuroscientist, and social engineering expert on Epstein’s emergency call list); Noam Chomsky (computational linguistics and social influence expert engaged with Epstein in population control discourse); and leading CIA (In-Q-Tel, Chairman) and Arizona State University President, Michael M. Crowe (developing a leading biotech hub.)

**KEY REQUIRED QUESTIONS FOR “THE COMER COMMITTEE”
TO ASK BILL GATES REGARDING HIS COMMON BUSINESS INTERESTS
WITH EPSTEIN AT HARVARD, MIT and the CIA.**

- 1) WHEREAS the Epstein files evidence you were introduced to Mr. Epstein by Mr. Tim Waitt and Dr. Boris Nikolic, each affiliated with Mr. Timothy Cook Draper (who advanced the Foresight Institute—a major biotechnology think tank advancing intelligence, including Artificial Intelligence (AI) for the pharmaceutical industry, military commerce, and philanthropy), do you acknowledge business, academic, and/or philanthropic ties to these individuals?
- 2) WHEREAS the Epstein files evidence your limited partnership with Harvard biotechnology professor, advisor, and co-investor in biotechnology research and developments at Harvard, MIT and intertwined private corporations, please identify the top ten research and development projects of mutual interest to you, Mr. Epstein, and Mr. Nikolic, advanced at Harvard and MIT.

3) WHEREAS the Epstein files evidence your aforementioned associations or partnerships and financing with others co-investing in cutting edge biotechnology, including that considered for use in advancing new drugs and vaccines for alleged public health, pandemic preparedness, or National Security, please name the top ten beneficiaries of your financial investments, including companies, businesses, philanthropies, trusts, investment firms, and/or public/private institutions, including military contractors and their officials, benefiting from your co-investments with Mr. Epstein and Mr. Nikolic at Harvard, MIT, or elsewhere as contracted to advance corporate, government, academic, or philanthropic interests.

4) WHEREAS your avid interest and investments in vaccinations and bioengineering is public knowledge, and that your advocacy of reducing populations to help relieve the “carbon burden” is also widely known, please share what Dr. Nikolic and Mr. Epstein recommended to you in these intertwined fields of vaccinology and population control.

5) Did Mr. Nikolic and/or Epstein advise you about bioelectronic advances that may be used in vaccines arising from Harvard, MIT, ASU or Stanford research and developments; especially in Harvard’s Charles Lieber lab, advancing research and related developments with Robert Langer, a chief MODERNA (mRNA vaccine) Company official. (Note: the Robert Langer Lab at MIT was known to Dr. Nikolic and MIT Director, Joi Ito, as their associations are repeatedly referenced in the Epstein Files for reasons yet to be disclosed.)

6) WHEREAS you and Mr. Epstein shared the same concern regarding over-population of “poor people”—the non-“elite” public—considered burdensome to the environment and global economy in the Epstein Files, did you ever engage Mr. Nikolic and/or Epstein in such discussion(s)? Did you ever invest, or have your companies or foundations invest, in biotechnologies and/or pharmaceuticals for the purpose of causing depopulation? What about enabling “cancer control”? What about advancing social or biomedical influence for genetic evolution, or transhumanism?

7) WHEREAS substantial financing of HARVARD and MIT biotechnology projects was arranged by you at the advice of Dr. Nikolic, other Foresight Institute members, and/or Mr. Epstein, did you ever discuss the development of bioelectronic devices, including vaccine injectables, that might be used to reduce burdensome populations causing “poor people problems,” quoting Mr. Epstein’s e-mail from MIT’s Media Labs’ Director, Joi Ito (on August 18, 2014)? Did you ever discuss bioelectronic devices for use or potential use as vaccine injectables?

8) Have you ever been made aware of, or discussed with Harvard people, or your co-investors in biotechnology and vaccinology, the Epstein Files evidence that on February 8, 2016, Harvard’s famous linguistics professor, Noam Chomski, corresponded repeatedly with Mr. Epstein on the topic of “genetic altruism”, that included discussions about the “potential for abuse” of biotechnologies, and “racial intelligence differences,” that include:

“[C]hanging the genes for dedicated savagery and lack of concern for the welfare or even security of the population on the part of that sector of educated elite that reaches positions of power.”

9) WHEREAS you received biotechnology and vaccinology intelligence reports from Boris Nikolic, did Dr. Nikolic ever advise you regarding the work of Harvard chemistry department chairman, Charles Lieber, having advanced sensitive bioelectronic technology that ended up with the Chinese Communist Party?

- 10) Did you ever seek the advice of Dr. Nikolic or Mr. Epstein on viable ways to reduce and manage burgeoning populations? If so, what was concluded following such advisement(s)?
- 11) Where you ever advised about Mr. Epstein' reliance on Professor Stephen Kosslyn, and their dialogue comparing "money as infection," or an infectious virus "colonizing markets?"
- 12) When did you first learn about the development of mRNA vaccines, financed by public and private investors? Who informed you about these "novel" vaccines?
- 13) Did you or your foundation(s) invest money into the research that gave rise to the COVID mRNA vaccines?
- 14) Did you or your foundation(s) invest money into the development of these vaccines either at Harvard, MIT, DARPA, BARDA, USAID, the NIH, the NIAID, University of North Carolina, EcoHealth Alliance, Wuhan agencies or related Chinese institutions, and/or the Pfizer and Moderna companies?
- 15) WHEREAS you visited and invested in HARVARD and MIT biotechnology labs, what, if anything, did you learn there or consider about the potential risks of lab outbreaks and pandemics from genetically altering microbes?
- 16) WHEREAS the Dean of Harvard's Medical School, George Daley, actively engaged Dr. Fauci, and known Chinese government financiers and businessmen (including Evergrande Company, official, Jack Xia involved in Harvard financing with Morgan Stanley Co. where you made aware of their urgent correspondence the weekend of January 31 thru February 2, 2020) reacting to early scientific determinations that the COVID virus and pandemic arose from "gain-of-function" bioweapons research and genetic tinkering at the University of North Carolina, Chapel Hill, In Dr. Ralph Barack's lab? If so, by whom? What were you told, pursuant to your interests in developing and distributing vaccines.
- 17) Were you made aware of bat virus supply by USAID, financed by NIH, NIAID, DARPA or BARDA? Did you ever meet key officials in regard to either COVID-19's emergence or the emergency mRNA drug authorization? Did you ever meet Dr. George Daley? If so, for what purpose?
- 18) Please detail your express investments in COVID vaccine-related projects and alleged benefits.
- 19) Did Dr. Nikolic ever advise you regarding Harvard's financial arrangements involving George Daley and/or top CCP business officials investing in Charles Lieber or Robert Langer's biotechnology and/or viral vaccine research and developments, such as Jack Xia representing Evergrande and the Chinese Communist Party's interests in COVID biotech or mRNA vaccine development(s)?
- 20) Did Dr. Nikolic or Mr. Epstein ever discuss with you their shared interests in advancing biotechnologies with Harvard's past president, Larry Summers, who was clearly engaged with Epstein in financial planning and program funding?
- 21) WHEREAS the Trump Administration has touted the use mRNA vaccines with intertwined Artificial Intelligence (AI) for allegedly diagnosing and treating cancers early under "Project Stargate," involving Oracle's principal, Larry Ellison, and OpenAI's director, Sam Altman, officials who share

your interests in Microsoft and your commercial population management advocacy, have you invested directly, or indirectly through your private interests or philanthropies, in Project Stargate?

Thank you in advance, Rep. Comer and members of the House Oversight Committee, for addressing these questions with Mr. Gates that heavily impact public health and U.S. National Security. Failure to ask these questions will undermine the integrity of your committee in the public's perception, and will compound the erosion of faith and confidence in our government.

Sincerely yours,

Leonard G. Horowitz, DMD, MA, MPH, DNM (hon.) DMM (hon.)
